

ROYAL BAKING POWDER

A cream of tartar baking powder. Highest of all in leavening strength. Dated U. S. Government Food Report.

BRIEF NOTES.

The Township Committee meets Monday night. Ticket Agent William Linder has returned from his southern trip. C. L. Voorhees has opened a cigar store on Glenwood Avenue. The Second Ward Republican Club will meet on Tuesday night. There is perhaps money enough in the treasury to meet all outstanding bills. The fire department was called out on Monday to a night fire in Canal street. The East Orange town meeting will be held on the evening of February 11th. The Newark Coal Company has succeeded to the coal business of John W. Hobart. William Baldwin, the well known express man, has bought out the butcher business of David Post.

The Young Men's Republican Club will hold an important meeting on the evening of February 5th. Miss Gladie Hayes, of Middletown, N. Y., the guest of her aunt, Mrs. J. C. Johnson, in Bloomfield.

The Township Committee on Monday night will probably fix the date for the annual town meeting.

An endeavor will be made to have a few rights placed in the town. They cost about \$100 per year.

The sub-committees are engaged in their reports for insertion in the annual report of the Township Committee.

Mr. Frederick S. Moore was elected Mayor of Passaic in Essex Lodge Knights of Pythias on Tuesday night.

The proposed village of Glen Ridge is about 10,000 feet long by 2,500 feet in width, or about 580 acres.

The Joel Parker Association's hall takes place in Newark, on Wednesday evening. Any Bloomfielders will be there.

Some one of the numerous lawyers in this town might find it profitable to open an office and station himself permanently in the town.

Mr. Joseph L. Munro and the Auditing Committee are hard at work finishing up their business. They held a meeting on Wednesday.

F. H. Smith will give readings from his own stories in the Sunday-school of the First Presbyterian Church, on Wednesday evening.

The Young Men's Catholic Union held a very enjoyable reception on Wednesday night. Over one hundred couples participated in the grand march.

Some of the members of the Township Committee visited Irvington on Monday night to inspect the incinerator and electric lighting system in operation there.

The report of Messrs. Silbert and Hayner of the Road Committee will be an interesting feature of the annual report. It will show a very large amount of work done on roads during the year.

Mr. and Mrs. Moses McKey have a large collection of valuable curiosities and rare objects collected by the latter's brother, in different parts of the world. The collection contains many very beautiful specimens of shell work.

George Peterson of the Essex County Jail and L. A. Association and delegate to the State League made a very interesting report at the directors' meeting on Tuesday evening of what transpired at the League meeting at Trenton last week.

Mr. Frank L. Purdy of Glen Ridge was married at the corner of Bloomfield and West Avenues on Saturday night of last week. His assistant escaped but not before Mr. Purdy had given him several smart blows with a heavy walking stick.

The election in Oakdale on Tuesday on the question of forming a village government resulted in favor of the project by a vote of 128 to 43. The law under which the village will be formed is the same that is proposed to organize the village of Glen Ridge.

A meeting of the Exempt Firemen's Association of East Orange is held to decide on a remonstrance against the proposed legislation depriving exempt firemen of the privilege of \$500 tax exemption. The remonstrance will be placed in the hands of assemblymen Stender.

Firemen's interests are being well looked after by the legislature. A bill has been introduced extending a license fee from here on all readers and from those who sell fireworks, gun powder and other highly inflammable material. The money received from the license is to go towards the firemen's relief fund.

Don't fail to attend the concert to be given by the Criterion Concert Co. on Feb. 12th, under the auspices of Exempt Lodge Knights of Honor. The programme will consist of solo, trio, quartet, violin solos, and humorous recitations. Owing to the concert of Mr. Carl, the date has been changed to Feb. 12th, and all tickets sold for Feb. 12th will be good for the new date.

Official envelopes with the double signature of the Township Clerk must be used in the spring election. The Township Clerk must provide the Board of Supervisors with the Board of Supervisors and the Board of Supervisors must provide the Board of Supervisors with the Board of Supervisors.

An attempt will probably be made in the present legislature to bring Building and Loan Associations under state supervision and compel the associations to support a wing of political appointees. Building and Loan Associations acting separately and independently of each other have prospered.

The tendency to combine for so called mutual interest and interference with legislation will lead to a counter interference on the part of the legislature.

Montclair will add to its number of churches. Chestnut Street Chapel to be organized as a Presbyterian Church.

The Orange politicians are very much disturbed over a bill before the legislature reducing the representation in common councils of second class cities to two from each ward. Aldermen Seymour and Daly's terms expire this year and if the bill becomes a law their re-election will be prevented.

Augustus Ashby, of Bloomfield, and Miss Annie Hildebrand, of Bayonne City, were married Monday night at the residence of Mrs. L. W. Hoar, 31 South Eleventh street, Roseville. The ceremony was performed by Rev. Mr. Hoar, of the Summit Methodist Episcopal Church. Miss Edith Hildebrand, a sister of the bride, was the bridesmaid, and George W. Ashby, a brother of the groom, was best man. The couple, after a reception, went on a wedding trip to Pennsylvania. On their return they will reside in Westwood.

The members of Europa Association uniformed rank Knights of Pythias are receiving a very large number of handsome presents for their entertainment in Catholic Union Hall on the evening of March 7th. Tickets are selling rapidly. Every purchaser of a ticket is insured a prize. One of the prizes is a sixty dollar sewing machine from the Howe Sewing Machine Company. A. H. Van Horn, the Bee Hive and other well known Newark stores have sent presents. The merchants in town have contributed liberally and orders for tons of coal, barrels of oil, boxes of canned goods, boots and shoes, etc., are among the list of prizes.

Mr. Carl's Concert.

The concert which a number of our townpeople have requested Mr. William C. Carl to give in the First Presbyterian Church next Friday evening, has been fully arranged. There has been already a large demand for seats. The price has been placed low, so as to exclude none of those who desire to hear Mr. Carl at his first professional appearance after his sojourn in Paris. He will no doubt receive a cordial welcome. The programme will be as follows:

"Doctrine of An Old Politician"

To The Citizens: A very old newspaper, contained the following notice concerning a former Mayor of New York:

STEPHEN ALLEN'S POCKET PIRO.

Among the victims of the "Henry Clay" disaster, was Stephen Allen, Esq., an aged man of the purest character, formerly a Mayor of New York, beloved and esteemed by all who knew him. In his pocket-book was found a printed slip, apparently cut from a newspaper, of which the following is a copy:

Keep good company or none. Never be idle. If your hands cannot be usefully employed, attend to the cultivation of your mind. Always speak the truth. Make few promises. Live up to your engagements. Keep your own secrets, if you have any. When you speak to a person, look him in the face. Good company and good conversation are the very shewers of virtue. Good character cannot be essentially injured except by your own acts. If any one speaks evil of you, let your life be so that none will believe him. Drink no kind of intoxicating liquors. Ever live (misfortunes excepted) within your income. When you retire to bed, think over what you have been doing during the day. Make no haste to be rich, if you would prosper. Small and steady gains give competency with tranquility of mind. Never act at any game of chance. Avoid temptation, through fear you may not withstand it. Earn money before you spend it. Never run into debt unless you see a way to get out again. Never borrow, if you can possibly avoid it. Do not marry until you are able to support a wife. Never give credit to any one. Be just before you are generous. Keep yourself innocent if you would be happy. Save when you are young to spend when you are old. Read over the above maxims at least once a week.

I wish you would reprint the above for the benefit of our present race of politicians, for they seem not to be up to the old standard. Even those not politicians may take an interest in the guiding principle of the men of the olden time.

Special Sales and snow-fakes have been flying through the air the past three weeks. Our Special Sale was a big success—you will agree to that because you were benefited by it. What next? That's the inquiry people are making. The answer is contained in the one word—Spring.

Rather early, you say. Not at all. We want to be first on the ground. We have, therefore, already bought for the early Spring trade, and you can see it, or part of it, if you come to see us.

The main thing just now is Embroideries. Think of it! Three Thousand Dollars worth of them here now for your inspection. Of course our big lines of Staple Dry Goods remain the same. You will find everything you need in the Dry Goods line here at good values. But we aim to keep at least one SPECIALTY before you all the time—changing it, of course. Just now it is Embroideries. Do not miss seeing them.

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this lamp—The Rochester. If the lamp dealer hasn't the genuine Rochester, and the style you want, send to us for our new illustrated catalogue. We will send it to you on request. (The largest in the world) a rare collection of lamps—over 2,000 varieties.
